GIANTS TAKE SIXTH GAME IN SERIES BY SCORE OF 8 TO 5

UMPIRES—Moriarity, plate; Quigley, first base; Chill, second base; Rigler, third base.

POLO GROUNDS, New York, Oct. 11.—Old Jess Barnes' curve balled the Yanks to death in the sixth game of the world's series this afternoon, beating them 8 to 5 and putting the Giants on even terms with the Yanks once again. Each team now has won three games.

Barnes was a wizard in the box. Once again he was called in to relieve the burly Fred Toney who started the game for the Giants but failed to last out the first inning and Barnes' pitching, once he settled down, was well night perfect. He struck out ten Yanks and allowed but four hits.

Through victory Barnes entered the select class of twirlers who have won two world series games and established something of a mark as a relief pitcher, for in both his victories he has come from the bull pen to pilot the Giants to victory.

Huggins, taking a long chance, started Harry Harper, the Hackensack left hander. Harry lasted just 1 1-3 innings and Bob Shawkey had to relieve him.

Home runs featured today's pastime. Irish Meusel and Frank Snyder of the Giants and Chick Fewster of the Yanks poled circuit swats into the stands. Fewster's playing was a bright spot in the Yankee fight for the victory. He took Babe Ruth's place, Ruth being kept out of the game by a badly swollen and infected arm, and he gave a mighty good account of himself.

NEW YORK, Oct. 11.—"Babe" Ruth, king of swat, whose infected arm has caused him much pain during the past two games of the world's series, announced today that he would not play in any more games this year, on advice of his doctors.

Mrs. Ruth told the International News Service early this morning that the plucky big fellow probably would not be able to don his uniform again this year.

"I don't think Babe will be able to play again in the series," said Mrs. Ruth. "His arm is pretty sore and he had some fever last night. He passed a comfortable night, though, and slept well."

Later in the day the positive announcement was made that Ruth was through with baseball for the remainder of the series—and the year.

Ruth's arm is swollen from shoulder to elbow to the size of his leg, and his physician, Dr. George King, told him that he might either stay out of the Yankee lineup or take the chance of having his arm amputated.

The infected elbow, lanced Saturday night, has spread poison through his upper arm and the member is giving him intense pain.

Babe Ruth arrived at the grounds at 1 o'clock. His arm was heavily bandaged and he carried it in a sling. He did not put on his uniform.

A score more nominations are expected by night, according to Mr. Hoge who is gratified by the splendid way Glendale girls and matrons are responding to the Legion's call.

The contest will be under way in the next twenty-four hours and today the nominees are interviewing their friends in order that no votes may escape. Everybody in Glendale will have the opportunity of aiding the local post's building fund by favoring their "queen." Indeed, it is going to be an exciting affair with such beautiful prizes as the ring, a $100 wrist watch and $50 bar pin to work for. They are on display at the Arthur Dibbern jewelry store, 121 North Brand boulevard.

C. OF C. DIRECTORS SEEKING PROGRESS ON CITY PLUNGE

Board Contends Council Must Place Pool In Park, as Originally Outlined

Progress on the swimming pool in Patterson avenue park is sought by the board of directors of the Chamber of Commerce. They were informed at their meeting this afternoon by Secretary James M. Rhoades that Mayor Spencer Robinson stated that the council has the right to determine where the municipal plunge shall be located.

This is denied by Mr. Rhoades who declared that the former board of trustees put the proposition up to the Chamber to carry, which was done because the ordinance calling the election specifically stated $22,000 was to be voted for the purchase of the park and erection of a swimming pool thereon. It is the Chamber officials' contention that the council is morally bound to follow out the original plan.

Discuss Sewer Plans

Business district sewer plans and other civic questions were discussed and the report of the high school site committee, recommending Broadway and Verdugo Road, was given by Director Peter L. Ferry. The committee on rental for the Chamber headquarters in the new Citizens' building reported that $150 a month had been agreed upon for the second floor rooms.

A communication from the Automobile Club of Southern California advised the local board not to in-

Annual Reception Is Given to Teachers of City's Schools

The annual reception for the teachers of all the public schools in Glendale was held last night in the girls' gymnasium of the high school under the auspices of the Glendale Federation of Parent-Teacher associations.

The program included greetings by Mrs. John Robert White, president of the federation; piano solo by Alma Geiger; talk on the school bonds by Richardson D. White; speech of welcome by George U. Moyse, butterfly dance by Marian Stadler, recitations by Joan Harris, an Egyptian ballet dance by Ruth Campbell, harp solo by Lois Wilson, violin solo by Hazel Linkogel. All of these numbers were most excellent and were greatly enjoyed.

This was followed by a get-acquainted and social evening. The program was in charge of Mrs. W. A. Campbell, courtesy chairman of the federation.

Later in the evening refreshments of punch and cake were served at various tables, each in charge of a representative from the different schools. Those in charge of the tables, which were decorated with bouquets of autumn flowers and greenery, were Mrs. E. L. Osborn, Jr., Columbus avenue; Mrs. L. H. Thompson, Central avenue; Mrs. J. W. Andree, intermediate; Mrs. Eustace B. Moore, high school; Mrs. F. L. Martinez, Broadway; Mrs. A. Wintersgill, Doran; Mrs. James Chrisman, Pacific; Mrs. A. H. Fuelscher, Colorado; Mrs. C. M. Assistant Superintendent Moore, who has charge of the railway mail service of Southern California, was in Glendale yesterday visiting the postoffice, Chamber of Commerce and business places relative to the mail service. He also is conducting an investigation relative to "pouch" service on the Southern Pacific, that is that all mail for Glendale on north and southbound Southern Pacific trains would be dropped at Southern Glendale, instead of coming through Los Angeles office as at present.

FIRST SESSION OF IRISH PEACE PARLEY SHORT ONE

LONDON, Oct. 11.—The first session of the momentous Irish peace conference lasted barely two hours. The Irish delegates and the British envoys left Premier Lloyd George's official residence at 10 Downing street just before 1 o'clock. They were smiling and apparently satisfied. The police had difficulty in clearing a way through the crowd for Sinn Feiners' motor cars. The Irish got a big ovation.

CALIFORNIA MASONIC GRAND LODGE HOLDS SESSION

SAN FRANCISCO, Oct. 11.—The seventy-second annual convention of the California Masonic Grand Lodge opened here today with more than 900 delegates attending to represent 420 subordinate lodges having a membership of more than 85,000. The sessions will continue until Friday.

UNEMPLOYMENT CONFERENCE TO SIDESTEP DISPUTES

WASHINGTON, Oct. 11.—President Harding's unemployment conference probably will sidestep all controversies and bring in a final report which distributes over a wide field the blame for the present widespread unemployment and economic depression. EMPLOYES AT PLANTS OF BIG FIVE FAVOR STRIKE

EAST ST. LOUIS, Ill., Oct. 11.—Employes at the plants of the "Big Five" packers here favor a strike as a means of forcing their employers to rescind the "American plan" of employment recently made effective by the packing corporations. This announcement was made by Earl W. Jimmerson, vice president of the Butcher Workers' Union of America, following a secret strike vote taken Monday night. The ballots were sent to Chicago today. About five thousand men are employed in the packing plants here.

TRIAL OF HIGHTOWER MAY BE CONCLUDED DURING DAY

REDWOOD CITY, Cal., Oct. 11.—The trial of William Hightower for the alleged murder of Father Patrick E. Heslin, kidnaped Colma priest, was due to reach a speedy conclusion today—if the defendant quits talking. Placed on the stand in his own defense yesterday, Hightower launched into an explanation of his actions at a rate of 400 words a minute, brushing aside objections of his attorneys and paying only momentary heed to efforts of Superior Judge Buck, who is presiding at the trial, to check his verbosity.

SEPARATE TRIALS FOR BURCH AND GIRL ARE SOUGHT

LOS ANGELES, Oct. 11.—Miss Madelynne Obenchain and Arthur C. Burch, jointly charged with the murder of J. Belton Kennedy, wealthy young broker, probably will know today whether they will stand trial together or alone. The motion for separate trials is to be argued today before Judge Sidney Reeve. It was understood before court convened that Deputy District Attorney Asa Keyes would ask that the motion for separate trials be denied on the ground of needless expense to the state. Ralph Obenchain, former husband of Madelynne, and Attorney Warren Williams were to ask a separate trial for the accused woman, while Paul Weschecheck was to appear for Burch.

SHOOTS GIRL AND SELF WHILE WIFE WAITS NEARBY

KANSAS CITY, Mo., Oct. 11.—While his wife sat outside in a motor car, H. H. Slick, automobile salesman, entered a beauty parlor today, shot Miss Hazel Masten, 24, a pretty manicurist, and then turned the weapon upon himself, dying instantly from a bullet in his brain. Miss Masten was shot through the head and cannot recover, physicians stated. The sordid tragedy was the climax of a love affair between Slick and the manicurist. When his wife threatened to secure a divorce, Slick said he would "end" his affair with the girl. He left a note saying that the only way to end it was the course he took.

FINAL TRIBUTE FOR CLAUD O. PULLIAM VERY IMPRESSIVE

Full Masonic Services Held and Large Crowd Present to Do Last Honors

"May the grace of our Lord Jesus Christ, the love of God and the fellowship of the Holy Ghost be and abide with us all evermore. Amen."

The pronouncement of this benediction yesterday afternoon, Monday, October 10, 1921, by the Masonic Prelate, marked the close of impressive funeral services at Forest Lawn cemetery at the family lot of Claud O. Pulliam.

Above the casket, settling into the grave, glistened the swords of the Knights Templar forming an arch of steel in honor of their departed brother. At each side of the coffin were stationed three members of the guard of honor. At its head stood the eminent commander and prelate of the lodge. Gathered about the grave were members of the family and other mourners. Encompassing them stood a symbolic triangle of Knights.

In Full Dress Uniform

Adding dignity to the services each Knight Templar wore the full dress uniform of the order. This consists of a long black clerical coat reaching almost to the knees and half concealing dark trousers. The black headgear is set off with a white ostrich plume upon the right side while upon the opposite side is embroidered in red a symbolic templar cross. From the left waist hung a beautifully engraved scabbard containing the Knight Templar sword. Diagonally across the chest and back was the baldric of white embroidered with gold. The two ends of this were joined at the left waist close to the hilt of the sword in a glistening Maltese Cross.

Around the waist was a three-inch belt of yellow striped with gold braid. A shining emblem of silvery metal containing a red cross, symbolical of the red cross degree of Masonry and similar to an emblem upon the baldric, served as a buckle. Upon the breast glittered many insignias of gold. Cream-colored gloves were worn. Officers were designated by shoulder bars bordered in gold and consisting of Templar crosses upon fields of red or green according to the rank.

Adding further sanctity to the occasion was the official ecclesiastical

Last Minute Query: Have You Voted for City School Bonds?

Have you voted yet?

How about hurrying right over to the polls and voting now before they close at 6 o'clock?

If you can't read, any teacher will be glad to explain the ballot.

If you can't write, you can surely mark an "X" in the proper space.

If you can't walk, a telephone message to your nearest school house will bring a "taxi" after you post-haste, free.

There is only one excuse for your not voting—and that's if you're dead.

There has been some criticism that the polls should be open longer, but the hours are fixed by state school law and the local board of education had no part in fixing them. It is hoped that residents of Glendale going to business in Los Angeles will have arranged to return to this city in time to vote.

The polling places are as follows:

Central school, Central avenue and Dryden street, for those living north of Doran street.

Intermediate school, Wilson avenue and Jackson street, for those living between Doran street and Windsor road.

Cerritos school, Brand boulevard and Cerritos avenue, for those living south of Windsor road.

Members of the Parent-Teachers' association are stationed at all the schools to supply the voters with information or "taxi" service.

The election officials are as follows:

Central School—Inspector, Willard N. Bott; judges, Mrs. Mildred Farwell and Mrs. Amy I. Campbell.

Intermediate School—Inspector, Joseph E. Henderson; judges, Mrs. Mary E. Jepson and Mrs. Lydia M. Kulp.

Cerritos School—Inspector, Wesley H. Bullis; judges, Mrs. Pearl L. Moore and Mrs. Nellie B. Simpson.

Speaking about the hours during which the polls are open, from 8 to 6, Richardson D. White, superintendent of schools, this morning suggested an amendment to the state law covering this point. He called attention, however, to the fact that it works a greater injustice upon suburban cities like Glendale than in communities further away from larger cities.

'Bambino' and Horseshoes Editors See Fair First By the Way, Voted Yet? For Profit and Pleasure

By Gil A. Cowan

BABE RUTH, the king of swat, will not play in any more baseball games this year, he says. Fans who have studied his batting average like a course in calculus will sincerely regret that the "Bambino" is out of the game, maybe for good.

Yet his case only emphasizes life's little story, how the thrones of the mighty totter and tumble and crumble to dust. In the nation as well as sports does one who has ruled return to the small field of friends in which their ambitions were first born.

There in the community of their neighbors they find a true heart interest in past achievements. That is such a spirit as pervades Glendale and its horseshoe club and some day Babe Ruth may be tossing the ringers 1.000 per cent.

Riverside opened its county fair today with editors of southern California newspapers as the special guests. That is an idea which makes for the success of any event. Invite the editors the first day. If they attend, a little more than the usual courtesy will be extended the publicity for the affair anyway.

Harry E. White of the Pacific Coast Exposition company was a visitor in Glendale yesterday and he paid a high compliment to the publicity given the Greater Glendale Merchants' exposition which was held here recently. He reports that the Glendale attendance records still have to be beat, the Pomona and Santa Ana businessmen's shows succeeding not quite so well.

Have you voted? This is just a reminder that it may not be too late for you to vote for the $260,000 school bonds before 6 o'clock this evening when the polls close.

If you live north of Doran street, rush right up to the Central avenue school and cast your ballot. If you live south of Windsor Road, vote at the Cerritos avenue school. And for those who live in between these lines go over to the Intermediate school and do your duty.

Crowded conditions in the city schools have been described. The remedial measures which are planned if the bond issue succeeds have been fully discussed and decided upon. There is only one thing for the public to do—provide the wherewithal.

An "Old Subscriber," who regularly reads the classified advertisements, writes to obtain more information about "a dainty navy blue boy's four-year-old pants." She would like to see both the boy and the pants. The latter would be worn out long before they were four years old, she states.

The comment on classified advertising is one of the most interesting topics about a newspaper office. If the clerks change the wording of the copy the customer has a perfect right to object. If the copy gets into print as written, it sometimes sounds funny.

The use of peculiar language usually is due to economy. In other words, people care little what they say as long as the idea "gets across." Look at the classified pages any day and you will find equally amusing phraseology—and a bunch of bargains besides.

NEGRO, ACCUSED, BURNED

MOUNT PLEASANT, Texas, Oct. 11.—Wylie McNeely, a negro charged with attacking a young white girl here, was seized by a mob last night and burned to death near Leesburg, reports reaching here today stated. He was seized by the mob as he was being taken from the jail for safe keeping and taken to the spot of the lynching where an immense pyre of wood had been prepared.

HIGH SCHOOL TEACHING BOYS LOTS ABOUT AUTOMOBILE MECHANISM

Cleanliness and Care of Parts Emphasized by Instructor Bert Rolfe in Classroom Work

BY ARTHUR SHERBORNE

JOYRIDING and automobile wrecking are not included in the curriculum of the Glendale Union high school. Instead about thirty boys there are spending an hour and a half every school day in the new auto shop learning how to care for the "family bus." Their minds are filled with information about universal joints, transmission cases, ignition systems, poppet, sleeve and freak valves, piston rings, cam and crank shafts, and other machine parts to say nothing of the "talking points" of all the latest accessories. Several teachers have almost given up the idea of making Latin "sharks" or geometry wizards out of the members of the automotive class. They are resigned to the necessity of letting the virus of automobilitis run its course.

A large, well lighted, high ceilinged, skylighted room in the northwest corner of the mechanical arts building contains the new high school auto shop. There could be no doubt of the use to which the room is put. A visitor couldn't possibly mistake it for the school's millinery department for autos en negligee and mechanical parts are scattered all over the room.

Bring 'Em in for Repair

In the center are several autos brought in for repairs and a chassis or two; in one corner is a stack of steering columns; near the door is a motor to be torn down and rebuilt; the transmission apparatus from a Ford stands on a work bench at one end of the room together with an Overland engine being dissected; nearby stands a crank case from an old E. M. F. At one side of the room is an electric air compressor for inflating tires and cleaning machinery; opposite it across the room is a fifty-ton gear press for clamping gears in place upon their shafts. About the room in various places are scattered tires and other automobile parts. A portable electric drill and an electric emery wheel are part of the equipment. The shop has its own oil and gas tank. Across the width of the shop is a regular garage pit.

Clad in overalls and sometimes getting greasy hands and smutty faces the young mechanics work in here with a will. They may be interested in other studies, they may be occupied or engaged in other activities at various times but while they are in the auto shop they are all absorbed and engrossed in their work. They find concentration absolutely necessary if they are to avoid mistakes and the necessity of doing their work over again.

Change Tires Gracefully

They learn how to change tires gracefully, how to regulate carburefors properly, how to adjust spark plugs quickly, how to clean cylinders thoroughly, and how to please the self-starter. They learn how to wield a mechanic's hammer, how to hold a wrench, where to grab the lug tightener, how to put on chains in silence and when to get out the jack. The technic of lubrication and ignition systems become as well known to them as tables of logarithms.

Just because the school board pays Bert Rolfe for being informed about automobiles his students not only think that he ought to be a walking automotive encyclopedia but ought to be able to supervise work in eight places at once. It is: "Oh, Mr. Rolfe, how do you fit this flywheel on the driveshaft," or "Say, what happens to the vapors after they leave the exhaust?" or "Have you seen my wrench?" Now Mr. Rolfe not only has a very amiable disposition but he also has some very good ideas about instructing a class of prospective mechanics. One of them is to let the boys do as much of the work themselves and get as much actual experience as possible before they go out into the hard- cold, cruel world.

Taught Fundamentals

"Of course, the time the boys spend here is too limited to allow them to become real garagemen," remarked Mr. Rolfe recently. "They only spent about seven and a half hours here a week. Some of the factories allow a first-class mechanic sixty hours in which to overhaul a motor. Consequently, the boys here are unable to do many long jobs from start to finish. However, they are taught the fundamental principles of the automobile and are able to lay a good foundation for further mechanical studies or actual machine shop work."

Provided owners do not intend to demand their car back again before the work is completed students may drive cars into the shop for repairs. A careful investigation is made in all cases, however, and if it seems likely that the car will be needed before the end of a reasonable length of time, it is refused admittance. Mr. Rolfe is most emphatic in his assertion that the auto shop is a place of instruction and not a garage.

Cleanliness Required

Mr. Rolfe is as particular about cleanliness as any one could be. He refuses to believe that his students have to work in dirty overalls for long or be unkempt and greasy just because they work in mechanics. He insists that the room be kept as neat as possible. For that reason he refuses to allow automobiles with dirty feet to track in mud from the east end of the football field. A wash rack has been built beside the double doors opening into the shop and here each car must receive a bath before coming to the party.

As soon as it has been brought inside the class gathers round, diagnosis the case and endeavors to predict the probable period of convalesence. After a bit, they begin to poke and jab at its innards, take out bolts, wiggle connections, splice wires—and sooner or later the car has been O. K.'d by "doctor" Rolfe and given a clean bill of health by the class.

"Fixing automobiles involves a big responsibility," said Mr. Rolfe. "Suppose a cotter pin should be left off! An accident might result and possibly somebody would be killed. Do you wonder that the boys cannot be allowed to hurry too much at their work or be the least bit careless?"

Look Up the Parts

Each automobile job is given a number. This is marked on one of the ten large lockers on the east wall of the room. When the class is over, the tools and parts being used on that particular job are placed in the locker so as to be accessible for immediate resumption of work the following day.

Tools are kept in a well kept and orderly stock room, which is Mr. Rolfe's especial pride. No wonder! It contains an exceptionally fine and varied assortment of taps and dies, wrenches and hammers, cold chisels to say nothing of assorted nuts, bolts and screws. Each week a different student is in charge of this tool crib and every member of the class is issued six numbered brass checks which he may exchange for tools to use during the period. This is the same system that is used in all the large first-class garages.

A big brotherly interest is taken in his students by Mr. Rolfe. He endeavors to ascertain their outside interests and to make their repair work in the shop as practical as possible. No matter how exasperating a repair job may be, the boys are not allowed to swear about it—that is, out loud. Mr. Rolfe believes that a man is known by his conversation as well as by his clothes.

C. of C. Gets Action In Road Improvement

Assurance that a twenty-foot strip on Glendale boulevard leading into Edendale will be paved in the near future was given in a letter from John A. Griffin, city engineer of Los Angeles to James M. Rhoades, secretary of the Glendale Chamber of Commerce.

Two weeks ago V. M. Hollister, vice president of the Chamber, asked that a letter be directed to the neighbor city to see what could be done to eliminate the bumps in the road. The letter received today is a direct result of Chamber of Commerce activity for gaining civic improvements.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. —Advertisement.

Juvenile Offenders In Court; Seven Accused

Round-up of juvenile offenders by the local police department and a hearing yesterday before Judge F. H. Lowe resulted in confessions from seven lads ranging from grammar school to college age, who have been operating in Glendale for some time and have stolen about $500 worth of loot, the police say.

Hugo Springer has been taken to the juvenile court for arraignment. His father, C. H. Springer, 1012 South Maryland avenue, was taken to the county jail, also, charged with passing a worthless check for $266 with insufficient funds in the bank.

Several of the juvenile cases have not been settled and several of the offenders have been placed on probation with orders to report to police headquarters every week.

Chief of Police Allen O. Martin stated this morning that it looked as though "the boys had been stealing since they were babies." They have been operating in several gangs and the principal scenes of their operation have been behind the local theatres and near the pumping station on San Fernando road. Their loot has consisted mostly of automobile tires, accessories and tools, the police say.

Quick Action Prevents Heavy Loss From Fire

Fire, fire, who's got the fire?

That was the little game played this morning by R. E. Frey in his home at 443 West Salem street and members of the fire department.

Glendale's fire sleuths like games—but they don't like them at 5:30 a. m.

Following a telephone call specifying the nature of the fire, Chief A. H. Lankford and Johnny Merit jumped into a little Buick at Station No. 2 while Captain Ralph Dodsworth and Jack Rockwell were pulling out of Station No. 1 with a load of chemicals.

The Frey family had been aroused by smoke and had come to the conclusion that the inside of one of the kitchen walls near a hot water tank was on fire. In order to do as little damage as possible, the fire "sleuths" spent considerable time "nosing around" before plying their axes. When found, the fire was soon extinguished—but if it had not been detected in time it would soon have burned through a two by four across the space and blazed out in the attic. The damage amounted to about $50.

One of the features of the store, which occupies the front half of the new Lorimer residence, is its neatness.

Business Women Meet; Organization Outlined

The constitution and by-laws committee composed of Mrs. Margaret I. Biggs, Miss Sara A. Pollard and Miss Margaret Cross, for the Glendale Business and Professional Woman's club, met last night at the office of Miss Caroline Kellogg, Los Angeles, and drew up a constitution and a set of by-laws to present to the organization at its next regular meeting Thursday night at 7:30 in the Chamber of Commerce room.

The Glendale Business and Professional Woman's club is a new organization just forming and the interest shown in it by many of the prominent women of the city is indicative that the club will have a very large membership.

While in Los Angeles last night the committee attended the meeting of the Business Woman's Civic club and heard an interesting program arranged by the commission of public affairs. An interesting talk was given by Sylvester L. Weaver, president of the Los Angeles Chamber of Commerce, who spoke on the subject of "Community Effort."

Mr. Weaver's talk was followed by an open discussion on the controversy between the city of Los Angeles and the Interior Counties Committee in the matter of the Boulder Canyon Dam site on the Colorado river. E. F. Scattergood, chief electrical engineer of Los Angeles, represented the city in the discussion and presented its views and interests in the matter. C. L. McFarlane, prominent attorney of Riverside, represented the Interior Counties Committee. The discussion was interesting from the standpoint of both sides and brought out many features of the proposed power development on the Colorado river.

Are You Going to Bob Your Hair? If So, See This Film

Girls! Are you contemplating bobbing your hair?

Bobbed hair can lead to many things. But in the case of Rosalie Wayne, now arousing comment in social circles, it led to far more. Rosalie married Reginald Carter who believed that her long, beautiful hair, was the most striking asset in her store of charms. Unfortunately, Rosalie bobbed her hair.

At seeing his young bride with her pretty locks missing, young Reggie flew into a temper and young Rosalie flew to another hotel, fully expecting Reggie to follow her. But a case of measles confined Reggie to his bed, with the result that he couldn't follow his dashing young wife. So Rosalie got a divorce. A year later when she read that he was about to be married again, Rosalie began planning a twelve-cylinder campaign. The results keep Constance Talmadge busy through six reels of "Wedding Bells" at the T. D. & L. Palace Grand theatre for three days. Harrison Ford is the poor husband.

Today is benefit day for the Cerritos avenue school. The money will be used to purchase new equipment for the playgrounds. Help put them over the top.

Mrs. J. C. Danford Is Speaker Before Section

The first regular meeting of the season of the Literary section of the Tuesday Afternoon club was held yesterday afternoon at the home of the curator, Mrs. F. L. Hollingsworth, 462 Riverdale Drive. The speaker for the afternoon was Mrs. J. C. Danford, librarian, who gave a splendid address on "Demands on the Library for Works on Americanization."

Plans were discussed in regard to the apron and holder booth at the Tuesday Afternoon club bazaar, which will be given December 7 at Masonic Temple, and which booth will be in charge of the literary section and legislative section and also the calling committee.

Arrangements were completed for the club program, which is to be given by the section at the club meeting of October 18. The remainder of the afternoon was spent socially, during which refreshments were sreved.

BERT LEVEY'S BEST VAUDEVILLE BILL FOR GLENDALE

Large Crowds Will Attend at Opening Tonight; Program Is Carefully Balanced

Today at the Glendale theatre the initial showing of Bert Levey, nationally known circuit of standard vaudeville should attract record throngs of amusement lovers. In becoming a member of this coast-to-coast circuit William A. Howe, lessee and manager of The Glendale theatre, is presenting the best that can be bought, and today is an auspicious occasion for the house which has popularized variety here.

The opening program has been selected with special care and the Bert Levey circuit assures a real gala night of classy entertainment. Heading the bill will be Burton & Dyer in "Captain Kidd's Kids," a riot of fun, with Mr. Burton singing wonderfully well.

Spiritualistic Satire

"The Fortune Queen," a spiritualistic satire with comedy and harmony and mental telepathy mixed into the melange, keeps the audience in suspense and laughter.

Paul Rondas, who does sensational stunts on a unicycle while playing classical music on a piano accordeon, will be the surprise number with his hair-raising tricks.

Galloway & Garrett will present Black and Tan classic, a sure cure for the blues. Their patter is new and the songs they sing always please, advance notices declare. Rounding out this big program which opens the fall season here, Al Striker will present an act entitled "Everything in Position." As may be imagined he is a contortionist.

While today's vaudeville show is of exceptional merit, the big circuit will bring to the Glendale Theatre some of the greatest acts on the American stage as it imports them from the four corners of the earth. In addition to the new talent, the local theatre stage has been rearranged so as to provide for a full scenic investiture and each act carries its own equipment.

Music By Paul Carson

The music will be directed by Paul Carson, who will combine the piano and organ, an unusual accompaniment for the variety. He made his initial bow to Glendale theatre patrons last night and played a selection from the opera "Sari," as the overture while his featured number was "Canadian Capers." He has memorized more than 1600 pieces.

"A Daughter of the Law," a great film attraction also will be seen today with Carmel Myers in the leading role. At regular prices there has never been more offered by any theatre.

SOUTHERN GLENDALE (Tropico) DISTRICT

H. D. Charlton Kept Busy Designing New Homes for Glendale

"Not even time to get a hair cut," declared H. D. Charlton, 326 Salem street, special designer for the Bentley-Schoeneman Lumber company, 460 West Los Feliz Road, yesterday, when asked if he was being kept busy.

The building activity in Glendale and the many pleasing features of different houses now being constructed in the city, which has caused others to come here for plans, has resulted in Mr. Charlton scarcely finding time to eat, to say nothing about hair-cuts, he says.

Mr. Charlton is now finishing a set of plans for H. C. Henderson, prominent orange grower of Santa Barbara, who came here to get the special type of plans he desired.

Mr. Henderson's home will be an elaborate six-room, Spanish type, especially designed for him by Mr. Charlton of the Bentley-Schoeneman Lumber company, and the fact that the local company was called upon to furnish the plans is a tribute to its efficiency.

Mr. Charlton has just delivered a set of plans to W. E. Cleveland, 312 West Lomita avenue, who will soon build a five-room modern bungalow in La Crescenta. A set of plans has also been done for J. F. Carr, 102 West Harvard street, who will build a home at 382 West Harvard. Elmer Elliott, of 612 East Elk avenue, has also had a set of plans designed for him by Mr. Charlton. The plans are for a very attractive six-room, Spanish type of house.

In addition to these Mr. Charlton is now receiving many other orders for plans for the Bentley-Schoeneman Lumber company and with the increased building activity now going on in all parts of the city, expects to be kept busy for so long he doesn't know just when he will get that haircut, he says.

Property In Southern Glendale Makes Good Investment, Is Shown

Passing judgment on the increase in the value of property in southern Glendale during the past year and the number of real estate transactions now being made in that part of the city, southern Glendale represents a good investment for those seeking lots or homes here. S. A. Merriken, of the realty firm of Wilkin & Merriken, 123 South Central avenue, sold a man a piece of property in southern Glendale a year ago. A short time after the transaction was made the purchaser became dubious and thought he had paid too much for the property, but was advised to hold on.

Today Mr. Merriken stated that the same property had increased in value to such an extent that it had proved a very good investment and with increased activity in realty transactions and building in the Angelus Park tract, the property is steadily increasing in value.

INFORMAL DANCE-PARTY

Miss Margaret Crawford of 800 South Central avenue was hostess on Saturday night at an informal dancing and surprise party given at her home in celebration of the birthday anniversary of Miss Alice Holmes. The guests included Miss Alice Holmes, Miss Dorothy Rowley, Miss Dorothy Carmack, Miss Lillian Schick, Miss Gertrude Hawkins, Miss Criskey, Miss Crawford, Eustace Rowley, Frank McGillis, Robert Rowley, Jack Hawley, Harold Pearce, Mark Bradley, Jr., Philip Bradley, Don Cowlin, Roy Selover and Mr. and Mrs. Holmes. During the evening refreshments of ice cream and cake were served.

MAXWELLS ARE HOSTS

N. F. Thrasher of King City, Mo., and sister, Mrs. Robert Larrison of Stanberry, Mo., were the week-end guests of Mr. and Mrs. J. R. Maxwell of 202 West Park avenue, friends of many years' standing. Mr. Thrasher and sister motored to California, and are very much delighted with this part of the state, and more especially with Glendale. They intend to remain in Southern California for the winter.

The tempting, tantalizing aroma of sugar cured ham sizzling in the pan almost makes a man feel like committing poetry. Ah—but it's the quality that counts and the taste that tells.

Angelus Tract Lots Prove Popular With Many, Agents State

Gilbert Fay and C. A. Wallace, 3807 Revere avenue, who are in charge of the Angelus Park tract office at the southwest corner of Brand boulevard and Seneca street, for the realty firm of Rigali & Veselich, Los Angeles, are living the strenuous life in taking care of the inquiries received at the tract office regarding property and in showing prospects over the tract.

Many sales are reported by the tract office, and in the greater number of purchases the owners intend to begin building homes immediately. Cement and materials have arrived for putting in the sidewalks and curbing on Revere avenue, and J. W. Gailer, 447 San Fernando Road, who has the contract, will begin the improvement work this week.

Mrs. Pauline Houston, 412 Windsor Road, has purchased a lot on Seneca street, and will construct an elaborate $7,000 house, size 44 by 48 feet. Other building activities on the Seneca street property recently purchased through the Rigali & Veselich agency at the tract office are those of Mrs. Elizabeth Cushman, 405 Eulalia street, Carl Johnson, of the Tropico building, and Guy E. Kendall of Hollywood, all of whom will build modern bungalows.

Revere avenue is also the scene of busy building. Lots have been purchased by I. H. Bailey, 624 West Vine street; P. B. Chandler, 1008 South Glendale avenue, and C. G. Carlson of Seattle, Washington. Mr. Carlson came here to visit relatives and became attracted by the pleasant building sites on the Angelus Park tract, and made a purchase of a lot on Revere street.

A beautiful bungalow will also be built on Boyce street by F. G. Erwood of Edendale.

BERT RIGALI PROUD FATHER

Bert Rigali, of the realty firm of Rigali & Veselich, Los Angeles, which, during the past two weeks, has been selling many lots in the Angelus Park tract, southern Glendale, is now smiling broadly over the arrival of a new salesman for the firm. The newcomer weighs eight pounds and arrived on the stork special, Los Angeles, Sunday. Mr. Rigali says the new salesman will soon be selling property in the Angelus Park tract.

GLENDALE YOUTH IS SHOWING ABILITY IN TENNIS GAME

William Balthis Makes Good In Tournament Just Held at Hawaiian Islands

From far away Hawaii comes the news of another Glendale athlete "doing himself proud" by exhibiting his ability and skill on the tennis courts. William Balthis, son of Mr. and Mrs. F. S. Balthis of 819 North Brand boulevard, is the youth who has won a number of laurels on the court, the news of which was received here last week through the columns of several Honolulu newspapers.

Balthis, who has been more or less in the limelight of the tennis world ever since he was old enough to lift the ball over the three foot net, apparently has won a place in the hearts of the island tennis followers, as evidenced by the following excerpt from one of the Honolulu sporting pages, which was written after the completion of the recent championship doubles tournament of the entire Hawaiian islands:

"The game was a splendid one, with Balthis making a reputation for himself in island tennis."

Lose In Final Round

In the tournament, which lasted several weeks and involved scores of players from all parts of the islands, the former Glendalian and his apparently weaker partner went through the play on the long end of the score until they reached the final round, in which they were nosed out by the champions of last year. According to the reports of the play the last and decisive match was the best and most hotly contested one of the entire tournament, the final score being 0-6, 6-1, 9-7, 6-3.

"The victory came from the steady play of the champions, as opposed to brilliant play by Balthis and erratic work by Parker. Balthis' game was the most effective of any yesterday, better, even, than the champion Elund's steady and heady play. The little star was everywhere and, with his short choppy stroke, was able to make the opposition extend themselves at all times," a newspaper stated.

Hard Fought Contest

Here are a few lines taken from a paper published in Honolulu following the semi-finals, in which Balthis and his partner, Parker, eliminated their opponents in a hard fought match:

"W. H. Balthis and Esmond Parker of the Neighborhood Tennis club had the honor of definitely putting Hilo's stars, Johns and Detrick out of the running as far as the finals of the doubles play is concerned.

"The final set was played today, and with deuce sets scored already for the match, Parker and Balthis succeeded in making an 8 to 6 win of the deciding set. The game was a splendid one with Balthis making a reputation for himself in island tennis."

Young Balthis has been a resident of the Hawaiian Islands for the past year, he having left Glendale last October with Lehman Crandall of this city, supposedly on a two months' visit to "the magic spot of the Pacific." He immediately became so infatuated with the country, however, that he made up his mind to make his home there, Mr. Crandall returning home alone. He is employed at the Bank of Hawaii in Honolulu.

Edwards & Wildey Co. Open New Subdivision

The Edwards & Wildey company, who have successfully handled durving the past two years three subdivisions in the rapidly developing northwest section, have taken over a new small addition a little further north, approaching the foothill district, which is fast becoming the most desirable and popular of all Glendale residence property.

This new subdivision is located west of Pacific avenue, about two blocks north of the Burbank car line.

The Edwards & Wildey company anticipate a strong demand for this property.

Wireless telephones are to be installed on important government express trains in Germany, and receiving instruments will be placed in hotels and embassies at Berlin.

F. Thott of Glendale Judges Bantam Show

F. Thott, president of the California Bantam Association, who for the past five months has been associated with the nursery firm of Downing & Cox, 118 South Brand boulevard, left for Riverside last night, where he will officiate as sole judge of the Riverside bantam exhibit at the Riverside County Fair, which will be held at Riverside October 11 and 16 inclusive.

Mr. Thott's appointment as judge of the bantam exhibit comes as quite a distinction, as there will be over 500 exhibits at the fair and every state west of the Rocky mountains will be represented.

The California Bantam Association, states Mr. Thott, is the best organized poultry association in the state, and the exhibits this year at the Riverside county fair, which will include a few entries by Glendale, will represent some very choice poultry.

Mr. Thott will be accompanied by Arthur W. Huskins, 417 Ivy street, secretary of the association.

Band Concert Will Be Given; You Are Invited

Band concert tomorrow night in front of the Elks' Club!

To liven things up a bit the Elks-Legion band will give a concert commencing at 7:45 o'clock, according to an announcement by Leader R. D. Crawford. There are twenty-five excellent musicians in the band and the program, which will be printed in tomorrow's Evening News, will be a mixture of classical and popular numbers.

ERECTING 4-ROOM HOUSE

Midgets and Covina In Annual Contest Today

After having successfully repelled the Alhambra squad in the opening game of the season last Tuesday the 130 pound football team of the Glendale high school is determined to continue its good work this afternoon in the annual conflict with Covina. Coach Howard Butterfield, who has had charge of the Midgets since their organization several weeks ago, will journey over to the Orange Belt city this afternoon with twenty players ready to jump into the game.

As the lightweights are probably the embryo stars of the future first teams considerable interest is being stirred up in their gridiron activities. Already a large number of "finds" have been unearthed while following the pigskin, and it is their weight alone that keeps them off the "varsity" squad, according to the more familiar followers of the game.

The probable line-up for today is as follows: Ends, McKee and Horri; tackles, Searles and Burns; guards, McClammy and Morrison; center, Jeter; quarter, Roberts; halves, Hand and Badour; full, White.

Business District Is Striving to Catch Up

T. W. Watson of the Roy L. Kent company, 130 South Brand boulevard, sees in the rapid growth of the business section of Glendale one of the most encouraging features for the permanency and stability of the city.

"It is not a sporadic growth, or a boom," said Mr. Watson; "it is simply the business district of Glendale trying to catch up with the residence section. When you consider that during the past three years an average of 100 houses per month have been built in Glendale, then you can easily see the reason for the rapid growth of the business district. It is just trying to keep pace with the residence sections of the city."

A generous man will always have plenty of friends—until he goes "broke."

Three Big Events for Knights Templar Folk

Grand Sword Bearer and District Commander Andrew Copp announced three special events for Knights Templar members at the dinner given to the Knights of Commandery No. 53 and their guests Saturday night at the home of Eminent Commander Daniel Campbell, all of which are scheduled to take place within the next month. On October 28 a pageant will be given at Tournament Park, Pasadena, for knights and their ladies. On October 31 Glendale Commandery No. 53 will have inspection by the grand officers. A big celebration in the nature of a "field day" is planned for November 5 at Pomona.

Eugene Kille Winner of Writing Contest

Eugene Kille, 465 Oak street, was the winner of the pair of shoes given by the Broadway Shoe Store, 312 East Broadway, in the card writing contest for the boy or girl under 15 years who could write the words, "Broadway Shoe Store," the greatest number of times on a government post card. He used a lead pencil and succeeded in writing the name of the store 522 times. The contest, which closed Saturday night, was very close and there were many having high scores, the next highest having 518. The cards may be seen at the shoe store, 312 East Broadway.

Stock Market Report

NEW YORK, Oct. 11.—The stock market showed an irregular tone at the beginning of business today, the Mexican oil issues were again in supply, Mexican Petroleum dropping over 1 point to 91¾, while Pan-American Petroleum broke 1⅝ to 41. Studebaker was also heavily sold, declining from 70¼ to 69⅝.

Some of the low-priced oil shares again showed fractional advances, White Oil moving up ⅜ and Pacific Oil ¼. U. S. Steel ⅛ higher at 79⅜ and Baldwin unchanged at 86¼. The railroad shares were fractionally higher. Kelly Springfield Tire showed a gain of ½ at 42 and Tobacco Products was ⅜ higher at 62¾.

After the decline in Mexican Petroleum, Pan-American Petroleum and Studebaker, the market developed a steadier tone and stocks that were under pressure recovered a good part of the losses within a short time. Mexican Petroleum rallied over one point to above 92 and Pan-American moved up to 41⅝. Studebaker, which dropped ¾ to 69⅝, rallied to 70. Beth Steel B. was again prominent, being offered on a large scale and declining 1¼ to 53½. American Sugar declined 1⅞ to 53⅜.

CHICAGO, Oct. 11.—Shorts were buyers of wheat at the opening today and prices started ½ to ¾c higher for December and ½c up for May. Trade was moderate.

Corn started about unchanged from the previous close with scattered selling and not much demand.

Oats trade was moderate with prices ⅛ to ⅜ higher. Provisions opened about unchanged.

NEW YORK, Oct. 11.—Considering the weakness of cables, the cotton market had a fairly steady opening today, with prices 2 to 25 points lower. There was quite general foreign support, including Liverpool and Japanese, while New Orleans and local shorts also bought freely. The chief sellers early were Wall Street, the South and some of the local traders.

At the end of the first fifteen minutes trading the list was steady at a net loss of about 10 points.

Belgium's Rulers Make Flight Across France

PARIS, Oct. 11.—King Albert and Queen Elizabeth of Belgium flew across France yesterday in an airplane. They had returned from a trip to Algeria and being in a hurry to get to Brussels decided to make the trip from Marseilles by plane.

Prodigal Son Returns; Given Over to Police

CHICAGO, Oct. 11.—Carl Steiler, prodigal son, came home after squandering $45,000 loot obtained from a mail robbery and Carl Steiler, Sr., turned him over to the police. The son is in a cell today and faces an extended prison term.

Steiler was one of the four men who stole $234,000 from the Standard Oil company at Whiting, Ind., in September, 1919. The other three, John Wedja and Leo and Walter Filpkowski, already are serving prison sentences.

After the robbery, Steiler and Bessie Jasiak, his sweetheart, fled. They went to Los Angeles, where Steiler spent money lavishly, bought diamonds, airplanes, racing cars and generally "cut a wide swath." He studied aviation at the Sidney Chaplin Aviation school and later founded the International Aircraft corporation of California. The concern shortly went into bankruptcy.

Leaving Los Angeles, Steiler and his bride went to Texas, where he became a "stunt" aviator. He smashed his airplane, however, and eventually went broke. The couple drifted to Memphis, where Mrs. Steiler scrubbed floors to keep food on their table.

With a visit from the stork expected soon, the Steilers came back to Chicago and appeared at the home of the prodigal's father. Steiler Sr., took down the telephone and called the police.

New Burbank Flower Creation Is Announced

SANTA SANTA, Oct. 11.—On the occasion of a visit Saturday afternoon of Jan Ignace Paderewski, famous musician, to the gardens of Luther Burbank, noted plant creator, announcement was made for the first time of a new Burbank flower creation.

The new creation which Burbank has named "Molten fire," is a gorgeously colored flower of the poinsettia type, its brilliance eclipsing anything heretofore produced in the flower line, according to those who have seen it. Paderewski pronounced it the most wonderful flower he had ever seen. The new Amaranthus is the botanical name given the creation by Burbank.

Barbara Castleton, Film Beauty, Gets Divorce

LOS ANGELES, Oct. 11.—Barbara Castleton, known as a beauty in the local film colony, now said to be filling an engagement in the east, was granted a divorce by Judge Walton J. Wood from George H. Zimmerman. Miss Castleton is known in private life as Barbara Zimmerman.

The plaintiff's testimony was taken last June, when she asked for a decree, alleging her husband had deserted her. The court held, however, that her corroboration of the alleged desertion was insufficient, but, following a second hearing when additional testimony was presented, the decree was granted on the ground of cruelty.

Married? Income About $5000? This Is for You

WASHINGTON, Oct. 11. — Married persons with incomes slightly in excess of $5000 would be permitted to avail themselves of $2,500 income tax exemption provided for married persons with incomes of $5,000 or less, under an amendment to the pending tax bill adopted by the Senate Finance committee.

The committee also agreed on a series of about forty technical and textual amendments of a minor character. The compromise tax provisions are to be worked into the pending bill as witnesses were taken up later by the committee.

Place Morality Clause In Actress' Contract

LOS ANGELES, Oct. 11.—They're writing "morality clauses" in motion picture contracts here these days. Whether the Arbuckle case in San Francisco had anything to do with the innovation could not be established, but it was learned that a young woman who is to be starred by a local concern signed a contract containing a clause as follows:

"Said party of the second part will at all times conduct herself in public in such a manner as not to subject herself to any great amount of publicity or criticism because of said conduct."

Packing House Forces Vote Strike, Believed

KANSAS CITY, Mo., Oct. 11.—Nearly 8000 packing house employes in Greater Kansas City were said to have voted to strike, rather than accept the "American plan" of operation offered by the "big five" packers.

"The vote will be about ninety per cent in favor of strike, I believe," said Andrew Holquist, Secretary to the Trades Council. The polls closed Saturday afternoon and official announcement of the vote will be made next Thursday.

FINAL TRIBUTE FOR CLAUD O. PULLIAM VERY IMPRESSIVE

Full Masonic Services Held and Large Crowd Present to Do Last Honors

(Continued from Page 1)

black gown of the prelate. The heavy stole of broad white satin was richly embroidered in gold. On the chest hung a large cross of black. The headgear is almost square. Upon its front was a symbol of his rank.

Hold Services at Temple

At the commencement of services yesterday afternoon at the Masonic Temple Knights Templar filed into the chapel led by Prelate O. E. Von Oven, closely followed by Eminent Commander Daniel Campbell, followed by Generalissimo George Moyse, Captain General Rittenhouse, R. V. Hogue, Recorder C. C. Rett, Treasurer F. H. Vesper, Senior Warden R. M. Grumbling, Junior Warden W. W. Worley, Standard Bearer Burt Richardson, Sword Bearer S. S. Gilhuly, Warder J. I. Wernette and Sentinel Charles Ravenscroft. They were followed by other knights of the lodge and after passing around the casket took rows of seats in the center of the room.

A few feet in front of the first row of knights stood the heavy gray casket surmounted with a robe of beautiful little dark red roses upon which rested the sword and plumed hat of Sir Knight Claud O. Pulliam.

Facing the assembled knights and affixed to the end of the casket was a large cross of white carnations bordered with pink carnations and containing a smaller cross of blue cornflowers in the center.

Bank of Floral Tributes

At the left head of the casket stood Sir Eminent Commander Daniel Campbell; at the right head stood Prelate O. E. Von Oven; at the right foot stood Junior Warden W. W. Worley and at the left foot Senior Warden R. M. Grumbling.

Behind the casket and bordering the rostrum of the chapel was a large and exquisitely beautiful bank of floral offerings, the like of which has seldom been seen before in Glendale. Tributes in great profusion from nature and friends demonstrated the affection for the deceased in the community. Roses, dahlias, carnations, cornflowers, asters, chrysanthemums showing many colorful shades and delicate tints perfumed the air about the casket. Upon the stage stood a five-pointed floral star in red, white, blue, green and yellow, symbolical of the Order of Eastern Star. At one side stood a large floral wreath bound in lavender from the Elks.

Claud O. Pulliam's photograph upon the north wall of the chapel, in which he appeared wearing the regalia of a Knight Templar, was marked by a wreath of mourning.

Many Friends Attend

To pay final tribute to the deceased friends of the Pulliam family packed the chapel. Three tiers of seats were arranged along each side of the long hall besides those placed in the middle of the chapel. Each seat was occupied and many were obliged to stand during the entire services.

After the Knights Templar had taken their seats and placed their plumed hats upon their right shoulders, the funeral was commenced by Christian Science services conducted from the front of the chapel at the south side. Albert Kilgore, 118 Arden avenue, Christian Science reader, officiated, and began by reading the Twenty-third Psalm. Silent prayer followed. The Lord's prayer was then chanted in unison.

"Shepherd Show Me How to Go," the words of which were written by Mary Baker Eddy, "revered former leader of Christian Science," was then sung by Mrs. Charles Lumpkin, of Los Angeles.

Quotations from Second Corinthians, John, and Revelations then followed by Reader Kilgore, who then read correlative passages from "Science and Health with Key to the Scriptures."

Another contralto solo by Mrs. Lumpkin came at this time. Its title was "Eternal Mind."

"The Scientific Statement of Being" from the Christian Science textbook was read at this part of the services by Reader Kilgore. This closed the first half of the funeral which was then taken up by the Knights Templar.

From Masonic Ritual

"Sir Knights, in the solemn rites of our Order, we have often been reminded of the great truth that we were born to die," began Eminent Commander Daniel Campbell in a low, sincere tone reading from the Masonic ritual. "Mortality has been brought to view that we might more earnestly seek an immortality beyond this fleeting life where death can come no more forever. The sad and mournful knell has betokened that another spirit has winged its flight into a new state of existence. An alarm has come to the door of our Asylum and the messenger was death. A pilgrim warrior has been summoned. A burning taper in the life of our commandery has been extinguished and none save the High and Holy One can relight it.

"All that remains of our beloved Sir Knight lies mute before us. His sword, vowed to be drawn only in the cause of truth, justice and rational liberty, reposes in its scabbard and our arms can no more shield him from wrong or oppression. It is meet at such a time that we should be silent and let the words of the Infinite and Undying speak that we may gather consolation from His revelations and impress upon our minds lessons of wisdom and instruction and the meetness of preparation for the last great change which must pass upon us all."

A responsive reading dramatically led by Prelate O. E. Von Oven followed.

"Shall no record be left of his virtues and worth?"

"It is inscribed upon our hearts," came the response. "It is written in our archives: the heart may cease to throb and the archives may molder and decay but the tablets of the recording angel on high can never perish."

True Knight Has Fall

The Recorder, who was stationed near the light of the window at the southeast corner of the room, here opened the Masonic Book of Records and read an obituary of Claud O. Pulliam, with special reference to his Masonic degrees, inscribed therein.

"He was a true and courteous Knight," read Sir Eminent Commander Campbell, "and has fallen in life's struggle full Knightly with his armor on, prepared for Knightly deeds."

"Rest to his ashes and peace to his soul!" responded Prelate Von Oven, who continued: "Sovereign Ruler of the Universe! Into Thy hands we devoutly and submissively commit the departed spirit."

Another solo was sung at this time by Mrs. Lumpkin.

A brief but impressive sermon was then read by the prelate, his address closing the spoken part of the funeral within the chapel. At the command of Sir Eminent Commander Campbell each Knight filed past the casket, dropping upon the breast of the deceased a sprig of acacia, signifying the mortality of the body, placing his right hand over his heart in promise to cherish the deceased as a true brother and then extending the same arm upward in symbolic consignment of the fate of the deceased to the mercy of God.

While a double row of Knights with swords presented lined an avenue, the casket was placed in the hearse by the guard of honor; the following Sir Knights: Clem Moore, E. K. Daniels, C. L. Peckham, David Crofton, Percy Priaulx and C. Rittenhouse.

Makes Protest Because Some Folk Cannot Vote

Editor The Evening News: I have just read in The News a notice of the polling places for the school bond election, urging everybody to vote: If votes are so urgently needed, why are all election hours on matters pertaining to schools fixed at such hours that residents of Glendale who do business in Los Angeles are unable to go to the polls?

Most persons employed in Los Angeles are obliged to be at their places of business by 8 o'clock and do not return to Glendale until 6 o'clock or after, and are then prevented from voting. It seems to me that voting hours on these important elections might begin a little earlier and end a little later and give some of us taxpayers a chance to vote who are now prevented from doing so.

ATHLETIC CLUB TO MAKE PLANS FOR ENTERTAINMENT

Committee Is Appointed for Social Affair; By-Laws to Be Prepared at Once

Committees were appointed at the meeting of the Glendale Athletic club held last night at 111A East Broadway for the purpose of deciding on a constitution and a set of by-laws and for arranging an entertainment and dance to be held in the near future.

L. E. Thompson, 119 East Broadway, and Otto J. Timmsen of La Crescenta were named to confer some time this week on the constitution and by-laws. Rex Randall, 114½ East Broadway, and Walter Dodge, 1413 East Wilson, were appointed as an entertainment committee to make arrangements for an entertainment consisting of an athletic program and dance.

The meeting last night was not largely attended, but the gathering was very enthusiastic over the prospects of forming an athletic club. Reports of committees were heard and many suggestions and discussions were in order as how to get the club on its proper footing.

Name Is Acceptable

Secretary W. R. Letton of Montrose reported that he had received a communication from Sacramento saying that the name for the organization, "The Glendale Athletic Club," which had been submitted by him last week, was acceptable, and the name was adopted at the meeting last night.

The matter of membership and dues was discussed at length and the question was finally left in the hands of the committee on by-laws. The place of holding the meetings also came up for discussion and as soon as the club is once completely organized steps will be taken to get a large hall or perhaps some gymnasium. In the meantime meetings will continue each Monday night at 7:45 o'clock at 111½ East Broadway.

The object of the club as set forth in the report of the preliminary meeting, is to foster good, clean athletics, clean sportsmanship and to provide social recreation for the members. As soon as possible the entertainment will be staged and the proceeds realized from the venture will be applied on the purchase of paraphernalia for the club.

Program Is Proposed

Mr. Randall and Mr. Dodge on the entertainment committee have several good ideas which they declare they will put into effect on a program to be submitted at the next meeting.

It was proposed at the meeting last night that an hour's program consisting of a boxing bout, a wrestling match and a bag punching exhibition will be arranged after which a dance would be enjoyed.

It is thought that the entertainment will be given the latter part of the month. In the meantime the business men of the city and the Chamber of Commerce will be consulted to learn how much support can be expected from those sources.

Pastor Warns Against Unauthorized Bookseller

Rev. Father James S. O'Neill, pastor of the Holy Family Catholic church, is informed that a book agent is visiting homes in Glendale and, by means of an attack on religious beliefs, attempts to sell Catholic families a book, the price of which is $7.

Father O'Neill states that the campaign being made by the agent is without authorization from him and he urges his parishoners to have nothing at all to do with the agent.

It was only last Sunday that Father O'Neill gave a sermon on the fine spirit being displayed and, therefore, he is aroused because an unauthorized book agent is in the city using religion for commercial gain. Therefore, he asks The Evening News to inform his parishoners to give no heed to the statements being made by the unathorized agent.

Mrs. Harry H. Powers Birthday Party Hostess

The Hallowe'en motif was used throughout the decorations, which were of yellow and black, even to the large birthday cake. Mrs. Powers was assisted as hostess by her mother-in-law, Mrs. H. H. Powers, Senior.
